

CONFLEX™

Block Filler

Enhanced filling power creates **SMOOTH, UNIFORM SURFACES.**

BE CONFIDENT IN THE INTEGRITY OF YOUR PRECAST CONCRETE AND CONCRETE BLOCK SUBSTRATES

ConFlex™ Block Filler is a commercial-strength acrylic block filler that provides a great foundation for most interior and exterior precast concrete, concrete block, and cinder block substrates. Its acrylic latex formula features enhanced filling qualities so you can apply it with confidence — even over spalled and deteriorated concrete

surfaces. In addition to its exceptional filling characteristics, ConFlex Block Filler also helps deliver a smooth uniform finish with great hiding. When the project demands a commercial-strength filler, trust ConFlex Block Filler to provide a smooth, attractive foundation and great results.

ConFlex Block Filler Key Benefits

• Commercial strength acrylic block filler with excellent filling properties	• Acrylic latex formulation that applies by brush, roller or spray
• Suitable for both interior and exterior applications	• Compatible with waterborne Pro Industrial™ finishes and a wide range of architectural latex and oil topcoats
• Designed to smooth and uniform surfaces, helping to reduce pinholes	• Suitable for use in USDA-inspected facilities
